

# THE METAL INDUSTRY

WITH WHICH ARE INCORPORATED  
THE ALUMINUM WORLD: COPPER AND BRASS: THE BRASS FOUNDER AND FINISHER:  
**ELECTRO-PLATERS REVIEW.**

---

## Index of Volume 14

---

JANUARY—DECEMBER, 1916

---

THE METAL INDUSTRY PUBLISHING COMPANY, 99 John Street, New York

## INDEX OF VOLUME 14

ARTICLES MARKED (\*) ARE ILLUSTRATED.

## ARTICLES

A	Page.
Alloys for High-Speed, Super-Heated Steam Turbine Blading, English Specifications for.....	114
Alloys, Gold, Bilateral of.....	118
Alloys to Withstand Internal Air Pressure.....	505
Aluminum Industry, Domestic.....	382
Aluminum Industry, The.....	11
Aluminum in War Munitions.....	7
*American Electro-Platers' Society Convention.....	235
*American Electro-Platers' Convention.....	279
Anodes, Nickel and Dollars.....	65
*Anodes, Nickel.....	284
Apprentices.....	190

B	Page.
Babbitt Metal Manufacture.....	329
Bauxite.....	16
*Brass Cartridge Cases, The Manufacture of.....	147
Brass Castings, Foundry Costs of.....	120
*Brass, Cast, The Annealing of.....	207
Brass Foundries, When Does It Pay to Install.....	67
Brass Foundry, The Small Leaks of, the.....	419
Brass in Chill Molds, Casting.....	474
Brass Ingots from Yellow Turnings, Making Yellow.....	387
*Brass Manufacturing Company, Phenomenal Growth of a.....	12
Brass Manufacturing Plant, Regulating the Output of a.....	377
Brass, Melting, Electric Furnaces for.....	152
*Brass, Season Cracking and Self-Annealing of.....	473
*Brass-Working Machine Shop, Modern Equipment for the.....	22
Bronze and Brass, Notes on the Inspection of.....	424
Bronze Castings, Phosphor.....	385
*Bronze Manganese, The Initial Stress Produced by the Burning-In of.....	501
*Bronze Statuary and Its Production in Ancient and Modern Times.....	380, 465, 503
*Buffalo Meter Company, The New Home of the.....	336
*Buffs and Dollars.....	119
*Bushings, Bronze Keyed, Making, in Cast Iron Chills.....	66

C	Page.
Cadmium in Spelter.....	429
*Careless Habit, The.....	210, 343
*Castings, Thin Walled, The Making of.....	513
Chemist and the Brass-Founder, The.....	373, 408
Cobalt and Nickel in Cobalt Metal, The Determination of.....	77
Cobalt, The Electro-Deposition of.....	19
*Copper and Nickel in Ammunition.....	1
Copper, Annealed, The Brittleness of.....	209
Copper Electrotyping Baths.....	5
Copper Production of the United States, Refined.....	193
Cyanide vs. Acid Plating Solutions.....	78

D	Page.
Deposit, Determining Weight of.....	122, 378, 518
*Design and What It Means.....	246
Die Castings, Aluminum.....	334

E	Page.
Electro-Deposit, Speeding Up the.....	73
Electro-Plater, Some Unsolved Problems of the.....	194
*Electro-Plating Engineering.....	8, 109, 250, 427
Electro-Plating, Progress in.....	6
Electrotyping Solutions, The Regulation of.....	324
*Engraving and Embossing, The Art of.....	161, 330, 507
Etched Metal Goods, The Production of.....	74
*Experiment, Practical, The Value of the.....	197

F	Page.
Fluxes in the Jewelry Factory.....	101
Foremen, Better—An Economic Gain.....	117
*Foundrymen's Convention, The.....	367
*Foundrymen's Convention.....	411
*Foundry Problems.....	155
*Furnaces and Temperatures.....	15
*Fuses for High Explosive Shells, The Manufacture of Detonating.....	293

G	Page.
Galvanizing Pots, Corrosion of.....	432
*Glue, Emery.....	499
Gold, Removal of Fire Coat from.....	331

H	Page.
*Hack Saw Blades, A Test of.....	21
Hammer, Soft, A Formula to be Recommended for Use for a.....	247

J	Page.
Jewelry Factory Up to Date, Bringing a.....	18, 72, 107
Jewelry, Manufacturing, Past and Current Practice In.....	121

L	Page.
Lacquers, The Effect of the War on.....	18

M	Page.
Magnesium Sulphate.....	257
Metal, Gun, The Manufacture of Admiralty, in England.....	165, 202, 248, 339, 510
*Metal, Old, How a Large Manufacturing Company Disposes of Its.....	420
*Metals and Gas.....	325
*Metal Shavings for Packing, Economic Methods of Preparing.....	384
*Metals in Chill Molds, The Casting of.....	253, 290
Metals, Lubricants for.....	158
Metals, Rare.....	106
*Metals, White, The Recovery of, from Drosses.....	103
*Metalware, Design in Art.....	467
*Metal Works, A New Canadian.....	455
*Metal Work, Art, The Influence of Style on the, of Modern Times.....	63
Muntz Metal.....	292

N	Page.
Nickel Plating, Rapid.....	205
Nickel, The Electro-Deposition of.....	430
Nickel Silver.....	500
*Non-Corrosive Binding Post.....	17

O	Page.
*Onida Community Company, Limited, The New Canadian Branch of the.....	506

P	Page.
Peptone as an Addition Agent in Stannous Ammonium Oxalate Baths.....	252
Plated Ware, Efficiency System as Applied to the Manufacture of.....	163
Plater's Recollections, A.....	298, 476
*Platinum in Aqua Regia, Solution of.....	296
*Platinum, The Melting of.....	375, 470
Platinum, The Refining of.....	379

S	Page.
Safety First.....	70
*Safety First and Health Hints, Some.....	464
Scrap Material at the Naval Gun Factory, Classification of.....	151
*Silver from Silver Nitrate Solutions, Addition Agents in the Electro-Deposition of.....	332, 422
Silvering Mirrors, New Process of.....	461
Solder from Scrap White Metals, The Manufacture of.....	323
*Solder, Soft, from Scrap Metals, The Manufacture of.....	59
Spelter.....	335
Spotting-Out, Preventive Measures Against.....	153, 241, 337

T	Page.
*Thread Sizes, Fine.....	123
Tin Plating Baths, Tests of.....	200
Tin Smelting in the United States.....	167
*Tubes, White-Metal, Experience in Drawing Thin.....	386

W	Page.
Watch, The Origin of the.....	113
*Workmen Healthy, Keeping.....	433

Z	Page.
*Zinc Plating Operations, Necessity the Mother of Invention In.....	462

## AUTHORS

A	Page.
Adams, Thomas, Making Yellow Brass Ingots from Yellow Turnings.....	337
Arthur, W., *Season Cracking and Self-Annealing of Brass.....	473

B	Page.
Bateman, J. M., *How a Large Manufacturing Company Disposes of Its Old Metal.....	420
Birbaum, Joseph, A Plater's Recollections.....	298, 476
Blair, P. W., *Fine Thread Sizes.....	123
Blair, P. W., Lubricants for Metals.....	158
Blair, P. W., *Modern Equipment for the Brass-Working Machine Shop.....	22
Blair, P. W., Regulating the Output of a Brass Manufacturing Plant.....	377
Bonnaillon, E. W., Classification of Scrap Material at the Navy Gun Factory.....	151
Bragg, Charles T., The Small Leaks of the Brass Foundry.....	419
Bregman, Adolph, *The Manufacture of Soft Solder from Scrap Metals.....	59
Bregman, Adolph, *The Recovery of White Metals from Drosses.....	103
Brown, Thomas, Better Foremen an Economic Gain.....	117

**SHOP PROBLEMS****A**

Alloy, Acid Resisting, Mixture for an	83
Alloy, Brass, Cheap	259
Alloy Containing Nickel to Produce Sound Castings	481
Alloy for Aluminum Automobile Pistons	171
Alloy Having the Strength, Hardness and Working Properties of Brass	82
Alloy, White Gold	29
Aluminum Alloy	82
Aluminum Alloy, Cause of Blow Holes in	171
Aluminum Alloy for Aeroplanes	522
Aluminum Alloy for Automobile Truck Radiators	391
Aluminum Castings, Method of Etching or Coloring	437
Aluminum Genuine Babbitt, Formula for	480
Aluminum Mixtures, for Pistons, Effect of the Presence of Iron in	480
Aluminum, Nickel & Copper Plating	522
Ammonia, Method of Testing	304
Anodes, Brass, Mixture for	304

**B**

Babbitt, Formula for	303
Babbitt on Bearing Caps, Method of Grinding	83
Babbitt, Pressure Strength of Various Grades of	259
Brass and Bronze Bushings, Method of Machining	172
Brass Castings, Red, Process of Obtaining a Better Finish on	436
Brass Castings, Yellow, Cause of Blow Holes in, After Sand Blasting	347
Brass, Cause of Oxidation of, Melted in a Hawley Furnace	29
Brass, Composition of Ink for Use on	303
Brass Ingots, Process of Rolling	30
Brass Manufacturing Plant, Proper Height of Work Benches Used in a	172
Brass, Method of Inking, Before Lacquering	304

	Page.
Brass Mixture for Globe Valve Bodies, Disc Stems and Bonnet Castings.....	29
Brass Plated Hardware, Material Used in Tumbling.....	523
Brass, Rod, Method of Casting.....	259
Brass Rods, Cause of Cracking of, After Rolling.....	523
Brass Scrap, Method of Melting.....	127
Brass Steam Fittings, Mixture for.....	215
Brass, Yellow, Strainer Bodies, Difficulty in Machining.....	127
Brazed Brass Castings, Mixture to Prevent Borax Creeping Over.....	214
Bronze Castings for Sulphuric Acid Bath, Mixture for.....	481
Bronze Having High Tensile and High Melting Point.....	481
Bronze, Manganese, Mixture for, for Auto- mobiles.....	347
Bronze Mixture for Engine Piston Rings.....	260
Bronze, Phosphor, Mixture for, for Springs.....	172
Burnishing Silver Plated Lamp Reflectors, Method of.....	391

## C

Carbon Molds for Casting Brass.....	215
Caustic Soda, Composition of.....	82
China, Vitreous, Drill to Use for Drilling Holes in.....	214
Copper and Nickel Plating, Estimating Cost of.....	304
Copper Bands for Shells from Copper Turn- ings, Method of Casting.....	29
Copper Cyanide, Cause of Black Settling When Dissolving.....	523
Copper Deposit on Mirrors After Silvering.....	304
Copper Plating Galvanized Sheet Iron.....	215
Copper from Copper Sulphate Solutions, Equipment for Refining.....	523
Copper Spots, Cause of.....	215
Cyanide of Potassium, Economy of, for Electro-Plating.....	348

## D

Deposit, Rust-Proof, to Obtain a, on the In- side of Steel Shells.....	30
Die Castings, Cleaning.....	259
Die Castings, Effects of Liquids on, Having a Zinc Base.....	171
Dip, Acid for Bronze Castings.....	171
Dip, Gilding Having 14 Karat Color.....	392
Dip, Salt-peter.....	29
Dip to Preserve Color of Rings and Small Articles While Gold Soldering.....	436
Dynamo and Rheostats Used for the Various Solutions.....	215
Dipping Room, Proper Exhaust for.....	522
Dynamo, Proper, for a Brass Solution.....	304

## E

Electro-Plating Molds, Substitute for Wax Used in Making.....	30
Enameling Metal, Method of.....	171
Enamel from Auto Fenders, Beth Method of Removing.....	214
Enamel from Steel, Method of Stripping Baked.....	437
Enamel, High Gloss, for Automobile Fender, How to Overcome Leathery Finish in.....	391
Etching Brass Signs.....	214

## F

Finish, Black-Green on Copper.....	259
Finish, Black on Snap Fasteners.....	303
Finish, Black on Steel and Iron.....	391
Finish, Blue on Steel by Chemical Process.....	82
Finish, Blue Oxidize on Copper.....	523
Finish, Bronze Government on Brass Goods.....	126
Finish, Cheap Nickel for Plating Hammers.....	522
Finish, Clotter Bronze.....	481
Finish, Dark Blue on Brass Trimmings.....	480
Finish, Gray on Brass.....	347
Finish, Green Smut on Gold Jewelry.....	214
Finish, 9 and 18 Karat Gold on Copper Coinage Alloys.....	303
Finish, Red Bronze on Copper Medals.....	437
Firebrick and Plaster of Paris, Composi- tion of, for Bronze Work.....	82
Flux, Acid Proof, for Dipping Rooms.....	127
Flux for Brazing Soft Steel Parts.....	260
Flux for Tinning Black Sheet Iron with Black Tin.....	260
Flux, Soldering for Sheet Steel.....	436

## G

Galvanizing Kettle, Proper.....	480
Gear Blanks for Magnetos, Formula for.....	347
Gine, Emery, Method of Testing Grade of.....	83
Gine, Method of Eliminating Odor from.....	83
Gold and Platinum Jewelry, Apparatus for Use in Shaking.....	392
Gold, White, Cause of Green in Chains made from.....	259
Grinding Wheels, Method of Setting a Dia- mond Used in Truing.....	20

## I

Iron in a Brass Furnace, Melting.....	20
Iron Tank, Method of Lining the Inside of an.....	304

## L

Lacquer Turning Green, Cause of, After Being Used.....	480
---	-----

## M

Metal, Marine Gong, Formula for.....	172
Metal Run in Thin Castings, Mixture to Use to Make.....	126
Metal Soft, Filigree Ornaments, Method of Casting.....	522
Metals, Speeds and Pressure of Presses for Cutting Various.....	83
Metal Used for Crucifixes and Clock Dials to Make The Luminous.....	172
Metal, White and Electrotype Drosses, Method of Smelting.....	481
Metal, White, Mixture for an Untarnishable Molds, Iron, Coating with Carbon.....	127
Molds Used for Casting Pewter, Method of Coating.....	260
	436

## N

Nickel Steel, Annealing.....	126
------------------------------	-----

## O

Oxidizing Aluminum, Method of.....	348
------------------------------------	-----

## P

Palladium from Gold and Palladium Filings, Process of Separating.....	348
Pattern Metal, Formula for Clean.....	362
Phosphor Bronze Mixture, Strong and Tough.....	363
Pickling Black Steel Sheets, Electrically.....	82
Pine for Sewer Connection for Plating and Acid Dipping Rooms.....	392
Plaster Paris, Receipt for Electro-Plating.....	30
Plating Racks, Non-Conducting Covering for Plating, to Prevent Potassium Cyanide Working Out After.....	83
Porcelain, Method of Drilling Holes in.....	25
	171

## R

Rectifiers in Plating, Use of.....	43
Rings, Packing, Formula for a Mixture for.....	347

## S

Silver Plated Articles, Tarnishing, Cause of.....	172
Silver, Sterling, Acid for Taking Fire Out of Solder, Formula for a Low Melting.....	392
Soldering Britannia Holloware.....	172
Soldering Zinc Coated to Terne Plate, Meth- od of.....	172
Solution, Acid Copper, to Remove Iron from a.....	348
Solution, Ammonia Copper Oxidizing, Method of Carrying Off Fumes from a.....	83
Solution, Brass, Cold, to Make Hot.....	392
Solutions, Brass, Use of Carbonate of So- dium, Bi Carbonate of Sodium, Sulphate of Sodium and Salts of Ammonium.....	348
Solution, Copper, Acid for Iron and Steel.....	126
Solution, Copper, Use of Alum. Glue and Dextrine in Acid.....	391
Solution for Hardening Pocket Knife Blades, File Blades, etc.....	126
Solder, Formula for a, for Brazing Band Saws.....	214
Solution, McKinley Gold, Containing Cyan- ides of the Metals.....	82
Solution, Nickel, Cause of Film on Brass.....	29
Tubes Plated in a.....	215
Solution, Nickel, for Plating Iron Castings.....	523
Solution, Nickel, Old, Method of Replenish- ing an, to Plate White.....	30
Solution, Nickel, The Proper Specific Grav- ity of a.....	127
Solution, Oxidizing for Sterling Silver.....	348
Solution, Silver Containing Carbon Bisul- phide, Cause of Streaky Finish from a.....	348
Solution, Silver for Plating Brass Work to Be Hard Enamelled.....	304
Solution, Silver, Method of Reducing Voltage of a.....	437
Spelter, Braziers or Hard Solder, Formula for.....	30
Steel, Bessemer, Cause of Black Oxide on, After Cleaning.....	303
Steel, Cold Rolled, Annealing.....	214
Steel Rings, Proper Oil to be Used for Drawing or Cupping.....	436
Steel, Semi-Mixture and Tensile Strength of.....	347
Steel Springs, Carbon, Copper Plating.....	260
Steel, Tool Heat Treatment of.....	435

## T

Tin in Tin Foli, How Much.....	437
Tinning Interior of Brass Nose Sockets.....	172

Tin, Refining.....	Page.
Tin Scrap, Old, Method of Detinning.....	215
Twist Drills, for Brass Work, Proper Meth- od of Grinding.....	347
	391

## V

Valves, Mixture for High-Grade.....	522
-------------------------------------	-----

## W

Water, Method of Sterilizing.....	523
Water Used in Coloring Plant, Analysis of.....	480
Wax, Formula for a, Used for Casting Art Work.....	127

## PATENTS

## A

Alloy, 1,160,536, Edward D. Gleason, New York, N. Y.....	85
Alloy, 1,203,961, J. T. Dwyer, St. Louis, Mo.....	525
Alloy, 1,199,260, J. Monville, Hubbell, Mich.....	463
Alloy, Metal, Precious, 1,168,733, R. J. Pischke, York, Pa.....	128
*Alloys, Aluminum, 1,176,655, W. N. Nay- lor, Forest Hill, London, and S. P. Beech- ingham, England.....	174
Aluminum, Brands of, Method of Producing, 1,178,863, E. H. Lauber and R. V. Ne- her, Emmishoffen, Switzerland.....	217
*Aluminum Plating Process, 1,172,160, Frederick Moench, Rushville, Ill.....	173
Apparatus for Corroding and Drawing Lead, 1,202,262, E. C. Bersch, Chicago, Ill.....	524
Apparatus for Disintegrating Ores and Other Materials, 1,202,278, Arthur Faust, New York, N. Y.....	525
Apparatus for Drawing Metal, 1,203,306, L. H. Brinkman, Glen Ridge, N. J.....	525
*Apparatus for Drying Jewelry and the Like, 1,163,205, F. P. Boland, Providence, R. I.....	32
Apparatus for Making Metal Articles, 1,202,611, Herbert Tolpitt, Sheffield, England.....	525
*Apparatus for the Manufacture of Tin, Terne and Other Plates, 1,189,573, D. R. James, Morrison, Wales, England.....	349
*Apparatus for Polishing Metal Bodies, 1,178,827, H. W. Spellman, New Brit- ain, Conn.....	216
*Apparatus for Supplying Molten Metal for Molds, 1,195,836, William Montgomery, Jr., and Justus Riehl, Baltimore, Md.....	480
*Apparatus, Pumping, for Molten Metal or Other Fusible Substances, 1,193,859, C. P. Bary, Paris, France.....	438
*Anode, Nickel and Process of Manufacture, 1,185,959, James J. Walsh, Indianapolis, Ind.....	306

## B

*Babbitt Machine, 1,260,576, H. K. Beute, Sedalia, Mo.....	463
Bismuth Metal, Method of Treating Impure, 1,166,721, Walter C. Smith, Chrome, N. J.....	84
Brass and Copper Alloys, Process of Making, 1,198,618, G. H. Clamer, Philadelphia, Pa.....	482
